a. Bullard—"The Different Mariner." b. Busch—"Crossing the Bar." c. Huhn—"Cato's Advice."

MEADE E. DUTT, Bass

'Dr Dutt is possessed of a voice which measures up to his physical stature both in quality and quantity. He was fortunate in the selection of his first number, "Hear Me, Ye Winds and Waves," recitative from "Julius Caesar," Aria from "Scipio," by Handel, for it displayed the great breath control and power possessed by Mr. Dutt, as well as his ability to render artistically such a difficult aria."-Daily Journal, E. St. Louis.

THE SAME CAR FOR LESS MONEY

BEAR in mind that the Maxwell car has not been changed.

It is standardized. It will not be changed except in minor respects - where we see opportunities from time to time to make refinements and additional improvements.

The new price of \$595 is only made possible by our greatly increased production and the fact that we specialize in only one automobile.

Every Maxwell car is identically the same as every other Maxwell

Last year the Maxwell car represented a big value. Many thousands of satisfied Maxwell owners are the evidence of that.

But this year-at the reduced price of \$595-the Maxwell stands out as the one big automobile value of all time.

Nothing like it has ever been offered for the money.

Just consider, complete electrical equipment for starting and lighting: speedometer; demountable rims; one-man top; rainvision windshield; - and every other device for the comfort and convenience of the owner.

Every thing that the expensive cars have. And good looks, comfort and economy of operationthat some of the others haven't.

There has been a nation-wide demand for Maxwell cars at the former price; there will be an overwhelming demand for these cars at the new price of \$595. And this proves that the Amer-

ican public has admitted and verified our unqualified claim that the Maxwell Motor Car is the
